

Karri Hardwood Joinery and Furniture Timbers

Karri is an extremely durable hardwood, renowned for its strength and beauty. With colours ranging from light pinks to deep reddish browns, it is one of Australia's most unique hardwoods.

Karri is kiln dried to meet specific market requirements throughout the world and comes in a range of sizes to suit any application. From decorative applications, to flooring and decking, stair treads, door and window frames and furniture pieces, Karri hardwood is extremely versatile and its beauty will last a lifetime.

Technical Information

Species	Eucalyptus diversicolor
Common Name	Karri
Origin	A native of the south-west of Western Australia
Colour	Light pink to reddish brown
Workability	Relatively easy to work with, with woodworking tools
Durability class	Class 3 in ground and class 2 above ground (CSIRO)
Hardness	9kN
Kiln Dried Density	Approximately 900kg/m ³ at 12% moisture content
Strength Group	SD2
Modulus of Rupture	132MPa
Modulus of Elasticity	19000MPa
Maximum Crushing Strength	72MPa
Grades	Prime Select and Standard
Sizes	75/100/150/200/250x25 75/100/150/200/250/300x38 75/100/150/200/250/300x50

The Sustainable Resource

Auswest Timbers is supplied with logs harvested and sourced from sustainably managed forests by the Western Australian Government's agency, the Forest Products Commission.

The Forest Products Commission has implemented an environmental management system that has been certified as complying with the requirements of the international standard AS/NZS ISO 14001 and in January 2009 achieved certification to the Australian Forestry Standard (AFS).

For more information about the AFS, please visit www.forestrystandard.org.au.

To further assure our customers that all timber supplied from grower to manufacturer is sustainably managed, Auswest Timbers achieved Chain of Custody certification in April 2009.
