Resolution 1

The full year results of Brickworks Limited (**Company** or **Brickworks**) are available either in the Annual Report sent to those shareholders who elected to receive the Annual Report, or on the Company's website (www.brickworks.com.au).

The auditors of the Company, EY, will also be present at the meeting, and will be available to answer any questions relevant to the financial reports, including:

- ▶ the conduct of the audit;
- ▶ the preparation and content of the auditor's report;
- ▶ the accounting policies adopted by the Company; and
- ▶ the independence of the auditor.

Resolution 2

Adopt the remuneration report for the year ended 31 July 2022

The Corporations Act requires listed companies to present their remuneration report for adoption by shareholders at the Company's Annual General Meeting (**AGM**). The vote on this Resolution is advisory only, and does not bind the directors or the Company.

The Brickworks Board (**Board**) is committed to ensuring that the remuneration framework is focused on driving a performance culture that is closely aligned to the achievement of the Company's strategy and business objectives as well as the retention of key members of the senior management team.

The Directors unanimously recommend that shareholders vote in favour of Resolution 2.

Resolution 3

Grant of Performance Rights to the Managing Director under the Brickworks Executive Rights Plan for FY2023

Background

In 2019 the Company introduced an Executive Rights Plan (**Plan**) which is designed to reward the Managing Director (**MD**) if the strategic long-term goals for the Company are achieved over a 3 year period.

This Plan is weighted toward achieving long term growth and financial performance, based on objective measurable goals, and to align with growth in shareholder value.

MD's participation in the Plan for FY2023

Resolution 3 seeks shareholder approval for the MD to participate in the Plan and for the grant of Performance Rights to Mr Partridge under the Plan to be allocated following the 2022 AGM.

The key terms of the Plan together with Mr Partridge's participation in the Plan for FY2023 are set out below.

Why is shareholder approval being sought?

The Company is currently seeking approval for the equity grants under the Plan as a matter of good corporate governance and in accordance with ASX Listing Rule 10.14, to preserve flexibility for the Board to issue the shares in the Company allocated on vesting of Performance Rights under the Plan.

The Board will exercise its discretion in determining how to source any shares at the relevant time with the best interests of the Company's shareholders in mind.

If shareholders' approval is given under ASX Listing Rule 10.14, approval is not required under ASX Listing Rule 7.1. As a result, the Performance Rights granted to Mr Partridge and any shares issued pursuant to that approval will not be included within the limit of 15% of issued shares that can be issued by the Company without shareholder approval under ASX Listing Rule 7.1.

What if shareholder approval is not obtained?

If shareholders' approval is not given, the Board will consider alternative arrangements to appropriately remunerate and incentivise Mr Partridge.

Incentive opportunity under the Plan

For FY2023 the MD's maximum long-term incentive (LTI) opportunity is 75% of his total fixed remuneration (including base salary, car allowance and superannuation). The MD's target STI opportunity is 75% of total fixed remuneration and his maximum short-term incentive (**STI**) opportunity is 90% of total fixed remuneration.

Details of the MD's FY2023 LTI grant

The MD's LTI will be granted as exercisable Performance Rights. A Performance Right is a right to receive an ordinary share in the Company at no cost, subject to the satisfaction of performance conditions. However, the Company retains discretion to pay a cash equivalent payment (either fully or partly) instead of allocating shares (for example, this will often be appropriate where Performance Rights vest after cessation of employment).

Dividends and voting rights

The Performance Rights do not have voting rights attached to them.

In order to align the participants' and shareholders' interests, the MD will be compensated at the end of the performance period for dividends during the performance period on those Performance Rights that meet the performance criteria. No compensation will be provided for dividends on the Performance Rights that do not meet the performance criteria.

Quantum & number of Performance Rights

The MD's maximum LTI opportunity for FY2023 is AUD 1,231,125 and the MD will be awarded a maximum number of Performance Rights determined by dividing the maximum opportunity by the volume weighted average price (**VWAP**) of Company shares traded on the ASX 5 trading days prior to the grant date.

However, the Board has the discretion to reduce the number of Performance Rights awarded if the Board determines in good faith that it is necessary in order to ensure that no inappropriate benefit is obtained by the MD.

The Performance Rights will only vest if the performance hurdles are met at the end of a 3 year performance period, ending on 31 July 2025, subject to the discretion of the Board (as outlined below).

After vesting and exercise, each Performance Right is adjusted in accordance with the following formula:

$$(1 + \text{Adjustment Number})$$

Where:

Adjustment Number means the Notional Dividend Value divided by the volume weighted average of the selling price of the Company's shares recorded on the ASX over 5 ASX trading days immediately preceding the exercise date that the exercised Performance Right is equity settled and/or cash settled or such other period as determined by the Board.

Holding Period means, in respect of a Performance Right, the period between the first day of the financial year of the Company in which the Grant Date occurs and the exercise date of the Award.

Notional Dividend Value means the value (expressed in dollars) equal to the aggregate amount of dividends that would have been payable to the MD on one share of the Company with dividend record dates occurring during the Holding Period, such value to be grossed up or otherwise adjusted to account for:

- (A) the value of any franking credits and tax offsets which would have been available to the MD had the MD actually been paid the dividends referred to above; and
- (B) the time value of money during the period elapsed between the time the relevant party would have been paid each relevant dividend and the exercise date of the Performance Right.

The maximum number of shares in the Company that may be received by the MD is equal to the maximum number of Performance Rights as adjusted.

No exercise price will be payable by the MD upon the exercise of the Performance Rights.

Performance hurdles for the FY2023 LTI award

The Performance Rights will only vest if the performance hurdles are met at the end of a 3 year performance period, ending on 31 July 2025. The Board may exercise discretion at the time of testing for vesting purposes to ensure that LTI outcomes reflect overall performance and are appropriate.

Subject to the above, there is no retesting of the hurdles if they fail the test. Any Performance Rights that do not meet the vesting criteria by the second test date will lapse. Any Performance Rights that vest will become exercisable (at no cost to the MD) for a period of up to 3 years from the vesting date. Any Performance Rights that remain unexercised at the end of this period will lapse. The 2 performance hurdles are as follows:

Performance hurdles

50% of the award is subject to Brickworks relative total shareholder return (TSR) vesting condition under which Brickworks TSR is compared to the companies in the S&P/ASX 200 Franking Credit Adjusted Annual Total Return Index (XJOAI Franked) over a period of 3 years from 1 August 2022 up to and including 31 July 2025 (subject to the discretion of the Board). The remaining 50% of the award is subject to an absolute TSR vesting condition also over the same period.

Relative TSR

For the relative TSR measure, the vesting schedule is:

BKW's TSR inclusive of Grossed Dividends as a % of XJOAI Franked	Level of Vesting
Below the median	0% vesting
At the median	50% vesting
Between the median and the 60th percentile	Pro rata vesting on a straight line basis between 50 and 100%
At the 60th percentile or above	100% vesting

Absolute TSR

The Absolute TSR is equivalent to the sum of the grossed-up dividend yield plus or minus the movement in the 90 day VWAP's during the year under review. The vesting schedule is:

Absolute after tax (pre-tax with gross up for dividend component) annual compounding TSR Target over the performance period	Level of Vesting
Less than 6%	0% vesting
Equal to 6%	50% vesting
Between 6% and 8%	Pro rata vesting on a straight line basis between 50% and 100%
Equal to 8% or greater	100% vesting

The Board believes that these measures, when combined with the short-term incentive, provides the most suitable link to long-term security holder value creation because:

- ▮ absolute TSR ensures vesting is commensurate with the Company's actual TSR, meaning there are no awards when TSR is negative and it also provides a good line of sight for the MD and Chief Financial Officer (CFO);
- ▮ measuring TSR on a relative basis levels the playing field by removing overall market movements and industry economics for the evaluation of MD and CFO performance, relative TSR provides a relative, external market performance measure having regard to a peer group of ASX200 companies with which the Company competes for capital, customers and talent;
- ▮ the use of relative TSR ensures that the MD and CFO are motivated to deliver returns that are superior to what a security holder could achieve in the broader market and ensures as the most senior management they maintain a strong focus on security holder outcomes;
- ▮ Brickworks calculates its after tax TSR incorporating the full value of franking credits. The S&P ASX 200 Franking Credit adjusted annual total return Index also adjusts the total return for the tax effect of franking credits;
- ▮ the use of the S&P ASX 200 Franking Credit adjusted annual total return Index was chosen as the relative performance target following testing of this group against a range of historical and future share price/payout scenarios to confirm that outcomes align with the Company's historical notion of superior long-term performance. The XJOAI Franked measure adjusts the total return of the S&P / ASX 200 Accumulation Index for franked dividends to ensure consistency of calculation. This Index is readily available and simple to use as a comparator for a Group that spans across the building materials and property development sectors. Given the diverse nature of the Brickworks Group and the size of Brickworks investment in Washington H. Soul Pattinson and Company Limited (and its investment profile) this remains the most appropriate index to compare Brickworks performance. The hurdles are reviewed annually by the Board and the Board believes that the TSR measures will drive outperformance without encouraging excessive risk taking; and
- ▮ while the Board appreciates that there are at times different views held by different stakeholders, it considers that these measures provide the appropriate balance between market and non-market measures.

The share price used at commencement of each tranche for assessing both relative and absolute TSR performance of Brickworks shares is the 90 day Volume Weighted Average Price (VWAP) prior to 31 July 2022. The actual share price used to compare to the TSR target share price is the 90 day VWAP prior to the relevant test date.

Cessation of employment

Unvested Performance Rights will generally remain on foot subject to the original performance hurdles and will be tested in the normal course.

Unvested Performance Rights will be forfeited if Mr Partridge's employment is terminated for cause.

Clawback

The Board and the Remuneration Committee have discretion with regard to the remuneration outcomes including the LTI wherever and whenever this is considered appropriate. **This discretion also applies in the event of financial misstatement, reputational damage and/or evidence of misconduct.**

Change of Control

If a change of control event occurs in relation to Brickworks then any shares held by the employee share plan trust on behalf of a participant will vest immediately upon the announcement to ASX of a change of control event.

Other information provided under ASX Listing Rule 10:15

Mr Partridge is the only Director (or associate of a Director) entitled to participate in the Plan. For alignment of interests, the Company's CFO is also entitled to participate in the Plan (and this will apply to the holders of that position during the financial year). Specifically, the outgoing CFO will receive 50% of his FY23 allocation as a pro rata entitlement for his ongoing employment in FY2023. The new CFO will receive 100% of his FY23 LTI (being 60% of his new total fixed remuneration).

Any Performance Rights issued to Mr Partridge under the Plan with shareholder approval are issued at no cost to him as they form part of his remuneration.

No loans will be made by the Company in relation to the acquisition of securities under the Plan. It is intended that the Performance Rights will be granted to Mr Partridge shortly after shareholder approval is granted and no later than 12 months after the 2022 AGM.

In accordance with ASX Listing Rule 10:15.4, the MD's current total remuneration package is as follows:	FY 2023 (AUD)
Base fees/ Salary inc	
Superannuation	\$1,577,000
Car Allowance	\$64,500
Total Fixed remuneration (TFR)	\$1,641,500
Non-monetary benefits	\$4,540
Short term incentive at maximum	75 % of TFR at target 90% of TFR at maximum
Long term incentive	75% of TFR

In accordance with ASX Listing Rule 10.15.5, no securities have yet been issued to the MD under the Plan.

As foreshadowed in the Company's 2019, 2020 and 2021 notice of AGM, allocations of AUD 1,174,780 (2021), AUD 625,800 (2020) and AUD 609,747 (2019) were made to the MD under the Plan. Following the procedures under the Plan, 50,606 Performance Rights were granted to the MD in respect of the 2021 allocation, 31,443 Performance Rights were granted to the MD in respect of the 2020 allocation and 33,400 Performance Rights were granted to the MD in respect of the 2019 allocation. As set out above, these will be adjusted for any future dividends.

In addition, securities will only be issued to the MD if the performance hurdles are met at the end of a 3-year performance period, ending on 31 July 2025. Should that occur they will be issued at no cost to the MD.

The Directors (with Mr L. Partridge abstaining) unanimously recommend that shareholders vote in favour of Resolution 3.

Further Information

Details of any securities issued under the Plan will be published in the Brickworks annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14.

Any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of securities under the Plan after the Resolution 3 is approved and who were not named in this notice of meeting will not participate until approval is obtained under that rule.

The Directors (with Mr M. Bunday abstaining) support the re-election and unanimously recommend that shareholders vote in favour of Resolution 4(a).

The Chairman of the meeting intends to vote all undirected proxies in favour of Resolution 4(a).

Resolution 4(b)

Re-election of Mr M Millner

Under the Constitution of Brickworks the term of a Director's appointment is 3 years, after which that Director must retire as a Director and may stand for re-election at the AGM of the Company. Mr R. Webster will retire at the meeting in accordance with the Constitution. To assist in an orderly Board transition process, Mr M. Millner intends to offer himself for re-election at this meeting, but intends to retire at or prior to the Company's 2023 AGM. Details of the skills and experience of Mr M. Millner, as outlined in the 2022 Annual Report of the Company, are as follows:

The Directors (with Mr M. Millner abstaining) support the re-election and unanimously recommend that shareholders vote in favour of Resolution 4(b).

The Chairman of the meeting intends to vote all undirected proxies in favour of Resolution 4(b).

Resolution 5

Increase in cap on non-executive Directors' fees

The increase in the non-executive Directors' fees is proposed for the following reasons:

- ▶ **To attract and retain Directors** – the current level of aggregate non-executive Director fees is at the lower end of the market when compared to ASX listed entities of comparable size and scale.
- ▶ **Increased complexity** – since the last time that members authorised an increase in the Company's aggregate non-executive Director fee pool, the size and complexity of the Company and its operations has increased significantly. In particular, the Company's North American expansion and Australian commercial property operations have accelerated.
- ▶ **Increased workload** – these operational matters and the increase in governance expectations for boards of ASX-listed entities have increased the workload of the Company's non-executive Directors since the last time shareholders approved an increase in the fee pool.
- ▶ **Comparable uplift** – a number of other ASX-listed entities have sought and obtained shareholder approval of their aggregate non-executive Director fee pool.
- ▶ **Benchmarking undertaken during FY22** – the current level of aggregate non-executive Directors' fees is at the lower end of the scale/market and this will be reviewed in FY2023 particularly in light of the current Board succession on foot and the need to appoint new Director/s with the skills and expertise required for a larger more complex international organisation.

It will also allow for reasonable increases in fees over future years without requiring ongoing shareholder approval.

The current cap on directors' fees was approved at the 2017 AGM and restricts the amount that may be paid to non-executive directors to AUD 1,300,000 per annum.

This resolution proposes to increase the maximum aggregate amount of fees that may be paid to all non-executive directors by AUD 200,000 per annum to AUD 1,500,000 per annum.

In accordance with the Constitution and Listing Rule 10.17, the total aggregate amount of directors' fees that may be paid to all non-executive directors cannot be increased without the approval of Brickworks' shareholders.
