IN THE SPOTLIGHT

*The Panorama Collection.
Longline format from Austral Bricks*

Home. A place to relax, recharge and gain different perspectives on the world around us. A sanctuary that we make beautiful. A reflection of our needs and aspirations.

Tasteful and elegant, the longline Panorama Collection opens up new and inspiring perspectives and possibilities.

A new way to create your dream home with interior and exterior walls designed to accentuate your style and compliment your lifestyle.

These striking and beautiful long format bricks can be expressed in landscape, portrait or herringbone patterns.

Make your home a star attraction.

FEATURES & BENEFITS

AFFORDABLE VALUE

Cost effective building product materials that increase the value of your investment or project from day one, for generations to come.

LOW MAINTENANCE

No need for paint or other treatments to maintain their aesthetics and durability. They are strong, reliable and relatively maintenance free.

ENERGY EFFICIENT

Combined with intelligent passive building design elements, clay bricks can help moderate building temperatures and reduce energy consumption.

STRENGTH AND SAFETY

Clay products are stronger than concrete and other light weight materials and also provide a safer and more secure home from the outside environment.

NATURALLY SUSTAINABLE

Clay is a natural resource which has been used for centuries because it retains its colour forever as well as its durability. Architects, engineers and specifiers continue to appreciate the advantages of using clay products.

“ The new bricks were surprisingly light and easy to lay. I think they’ll be great in feature walls, entryways and long runs. Looking forward to my next job with them. ”

“ With its sleek longline profile, dramatic dark colour and shimmering finish, we had one clear winner when it came to specifying Austral Bricks Panorama Midnight as the feature façade brickwork for our upcoming Surf Life Saving Prize Home. The longline profile provides the ideal balance of detail and texture, adding a contemporary edge alongside a restrained material mix. ”
