

Cascade and Jackson

To compliment the already impressive product range, Austral Bricks™ are pleased to introduce two new additions to the single course face brick collection; Cascade and Jackson. Their subtle grey tone will compliment a wide range of colour scheme's and designs.

With its textured face, Cascade will provide depth and dimension while the smooth, clean lines of Jackson will give you a sharp new look suitable for today's modern architecture.

For more information on these new products, or to order a product sample contact your Austral Bricks™ Account Representative or call **13 BRICK (13 2742)**.
