premium terracotta roof tiles

BEAUTIFUL PRODUCTS

that last forever

Not all roofing materials are created equal. Meticulously crafted from natural material and kiln fired to solidify their form, Bristile Roofing terracotta roof tiles offer ever lasting beauty for your home.

Bristile Roofing have been producing terracotta tiles since 1929 when the business was first started in Perth. Today the same attention to detail, craftsmanship, and focus on quality continues to be the foundation on which Bristile Roofing is building its success.

Bristile Roofing is part of the Brickworks Building Products Group, one of Australia's largest building products companies, with a stable of leading brands dedicated to manufacturing innovative products for Australians and the world for over 100 years.

BENEFITS

of terracotta roof tiles

Colour for Life Warranty

Terracotta tiles (or ceramic) are produced using a high firing process that binds the colour applied to the tiles surface.

Vast range of colours and profiles

Bristile Roofing's terracotta roof tiles offer the most comprehensive range of colours and finishes available on the Australian market.

Exceptional sound insulation

Roof tiles reduce external noise by up to 25 decibels which is more than twice the noise reduction achieved by other commonly used roofing materials.

Rust and corrosion free

Roof tiles are rust and corrosion resistant which means they are suitable for installation in even the harshest coastal environments.

Fire resistant

Roof tiles are ideal for use in bush fire areas because they are non combustible.

Low in embodied energy

Testing shows that terracotta roof tiles are lower in embodied energy than a number of competing roofing products.

Reduces cooling requirements

Testing of similarly coloured roofing products shows that terracotta roof tiles can reflect more heat away from your home resulting in lower cooling requirements.

10 Year Warranty

When you build with Bristile Roofing you build with confidence knowing that your roof is provided with a 10 Year Total Roof Warranty.

Strong and durable

Terracotta roof tiles must comply with strict quality standards and are actually stronger than standard concrete roof tiles.

Safe to drink

Water collected from a tiled roof is as safe to drink as water collected off most roofing materials.

Re-usable and recyclable

Terracotta roof tiles can be reused by moving them from one roof and installing them on another home without the need for further processing before re installation.

Repair and replacement

Because a tiled roof is composed of a large number of small pieces, damaged tiles can be removed and replaced with relative ease.

ROOF TILES

to suit your style

La Escandella terracotta roof tiles have developed a reputation for achieving the highest quality colours and finishes of any terracotta tile in the Australian market.

Available in a variety of profiles and collection of colours, Bristile Roofing offers a range of options designed to suit your style.

Extensive colour range

Monotone, two tone, natural clay, and glazed colours that will suit all tastes.

Colour for Life Warranty

We use only the best quality terracotta raw materials for strong, long lasting colours that will stand the test of time.

Profile choice

Planum (flat), Visum3 (flat), Curvado (rounded), Medio Curva (rounded), La Escandella Innova, Vienna Ultima, and Marseille Grande distinctive styles to complement any project.

Kiln fired

To lock in colour for the life of the tile.

WARRANTIES

from Bristile Roofing

Bristile Roofing offers industry leading warranties from a name you can trust.

Colour for Life Warranty

Terracotta Roof Tiles are offered with a Colour For Life Warranty. This means that the roof tile you buy is warranted to remain the same colour for the life of the product. No other commonly used roofing material such as concrete roof tiles or metal roofing can make claim.

10 year Total Roof Warranty

All roofs installed by Bristile Roofing are offered with a 10 Year Total Roof Warranty. This warranty states that we guarantee the roof has been installed properly and that the roof tiles and all accessory products are guaranteed against defect for a period of 10 years*.

50 year Product Warranty

Selected Terracotta Roof Tiles are offered with a 50 Year Product Warranty which means the product is guaranteed to remain structurally sound and is free of manufacturing faults for a 50 year period.

100 year Product Warranty

Selected Terracotta Roof Tiles are offered with a 100 Year Product Warranty which means the product is guaranteed to remain structurally sound and is free of manufacturing faults for a 100 year period.

Curvado Aitana and Lucentum

	Warranty applies to product installed within 200m of breaking surf	Warranty applies to product installed within 500m of salt water	Roof must be cleaned bi-annually to maintain warranty*	Warranty applied to colour longevity

**Areas not normally exposed to rain must be hosed every six months. All information is correct at the time of printing.*

PLANUM

contemporary and sleek

Planum Ghost White

Aesthetics and functionality are brought together in the Planum range, a collection of tiles that combines a traditional roofing material with contemporary architectural style.

Planum creates a look of simplicity and elegance with contemporary colour options developed to complement the sleek, refined shape of the tile. Due to its innovative design and size, the Planum tile is faster and easier to install. Furthermore the highly weatherproof design means it can be applied to roof pitches as low as fifteen degrees.

Compatible with Bristile Integrated Solar Tiles

INNOVA

innovative, sharp lines

Innova Slate

Discover the latest innovation with the Innova range. This is an elegantly shaped roof tile with a sleek refined finish.

The combination of it's sharp clean lines and modern colour palette result in a roof tile with a timeless look and unmistakeable style. Offering the colour longevity, strength, and durability of terracotta, the Innova suits a range of house designs.

VIENNA

sleek, refined style

Vienna Caviar

With sharp lines and bold pastel colours the Vienna range is designed for contemporary homes.

A tile to complement today’s varied architectural styles, the pace and diversity of modern city living is reflected in the strong, straight lines of this tile.

VISUM3

revolutionary interlocking design

Visum3 Slate

A new era in roofing products has arrived with the Visum3 tile from Bristle Roofing. Featuring a truly revolutionary interlocking design, the Visum3 has been designed to replicate smaller slate and terracotta tiles.

Introduced with a 20 year patent, the Visum3 provides an affordable alternative for those desiring a shingle roof. Industry leading technology enables each tile to be coloured individually with realistic pitting on the tiles surface for authenticity. Featuring a slim 9mm nose, the Visum3 achieves ultra flat laying for the ultimate shingle and slate appearance.

MARSEILLE

classic french style

Marseille *Truffle*

Originating from France, the Marseille tile offers versatility and simplicity in a classic style terracotta roof tile.

The Marseille tile continues the proud tradition of the tile maker’s craft with a tile that suits a range of architectural styles.

The combination of it’s sharp clean lines and natural clay colour palette result in a roof tile with a timeless look and unmistakeable style. Offering the colour longevity, strength, and durability of terracotta, the Marseille is ideal for homes of distinction.

CURVADO

distinctively european style

Curvado *Galia*

The Curvado range captures a look of grandeur with a distinctively European style.

A roof tile conceived to satisfy the needs and preferences of building professionals, the Curvado offers a variety of features which guarantee enduring popularity with home builders seeking a European style.

Manufactured from the highest quality terracotta materials, the Curvado incorporates a modern interlocking design which replicates the traditional pan and cover tile that has been a hallmark of European and Mediterranean architecture for centuries.

CURVADO GLAZED

reflect your character

Curvado Glazed *Black*

For a bold, eye catching tile in colours designed to reflect your character, Bristile Roofing offers the Curvado Glazed range.

A roof tile conceived to satisfy the needs and preferences of building professionals, the Curvado Glazed tile has a variety of features which guarantee enduring popularity with home builders seeking a European style.

Manufactured from the highest quality terracotta materials, the Curvado incorporates a modern interlocking design which replicates the traditional pan and cover tile that has been a hallmark of European and Mediterranean architecture for centuries.

MEDIO CURVA

stylish new colours

Medio Curva *Roja*

A roof tile used throughout the ages, reintroduced in colours designed for the new world.

Traditionally, this two piece tile, also referred to as 'Mission Barrel', was the most frequently used roof tile in Europe and particularly in Spanish colonial buildings in the new world. Today the Medio Curva tile is used in the construction of new homes, due to the beauty and wide variety of colours available, or on existing projects to restore historic roofs to their former beauty.

ROOFING SYSTEM

Insulation | Ventilation | Sarking

What’s right for your home?

The best combination of insulation and ventilation for your home is dependent on a number of factors including location, aspect, windows and much more. A Building Designer or Architect will be able to assess your particular situation and advise what’s best for you.

Sarking

- Reflects as much as 95% of heat away from the home.
- Acts as a barrier to dust.
- Provides bush fire protection.
- Is a secondary barrier to water run off.
- Reduces the need for heating and cooling devices.
- Provides additional storm protection.

Insulation

- Significantly reduces heat transfer through the ceiling.
- Keeps your home cooler in summer and warmer in winter.
- Saves on heating and cooling energy costs.
- A cost effective way to improve your home’s comfort.

Ventilation

- Eliminates the hot air from the roof space in summer to help your insulation work far more effectively.
- Expels damp air in winter which can affect building structures and the effectiveness of insulation.
- Decreases the heat load on ceiling ducted air conditioning.
- Reduced energy costs.
- An inexpensive way to further improve your home’s comfort.
