AUSTRALIA'S BEST SOLAR ROOFING AND ENERGY MANAGEMENT SYSTEM.

Offering a beautiful way to cut energy bills, Bristile Roofing brings together the latest in solar technology to our stylish and durable roof tile range. And we're partnering with industry leader Sonnen to create a complete system, delivering big savings on powering homes, now and into the future.

PERFORMANCE AND STYLE FROM OUR INTEGRATED TILES AND TRADITIONAL

Our customers expect the best in performance and style from our products. Bristile Solar is no exception.

You'll be getting solar power from a roof that will generate power for 25 years - guaranteed*, and for a 10 year period we guarantee the structural integrity of the solar cells* used in our integrated solar solutions.

** The 10 year warranty does not apply to the plastic frame in which the solar cell is fitted. For the 25 year performance warranty period we guarantee the solar cells continue to produce power at 80% of its full power generation capabilities. Please see full warranty on the Bristile Roofing website for full terms and conditions.*

Our customers get solar power from a solar panel that has a product warranty of 25 years, guaranteed*.

All Bristile Traditional Solar Panels are supplied by Suntech, the world's premier solar manufacturer and a leader in solar technology development.

SUNTECH
BE UNLIMITED

** For a 12 year period we guarantee the solar cells* in our traditional solar solutions will remain structurally sound and free of defects. This warranty does not apply to the frame in which the solar cell is fitted. For a 25 year period we guarantee the solar cells continue to produce power at 80% of its full power generation capabilities. Please see full warranty on the Bristile Roofing website for full terms and conditions.*

THE BRISTILE SOLAR SYSTEM

The Bristile Solar roofing and energy management system has four key components.

SOLAR CELLS

Capture clean energy

The smart energy saving solution.
Solar technology captures solar energy, available within stylish integrated tiles or traditional panels.

THE INVERTER

Create power from energy

Converts and delivers DC power to your power points, powering your household devices.

BATTERY POWER STORAGE

Harness your power, use it when you need it most

Optional with selected packages. Allows you to store and use generated power rather than sending it back to the grid.

SMART MONITORING AND COMMUNICATION

Greater energy management control

Enabling you to see the power generated and optimise the solar system to minimise your power consumption.

BRISTILE INTEGRATED SOLAR TILE PACKAGES

2^{kWh}

STANDARD *Solar Tile System*

The perfect entry level solar system to cut your power bills and produce your own energy. Our 'Standard' package offers a 2kW integrated solar roof tile system with a Fronius inverter and standard monitoring.

What's included?

-  **2kWh Integrated Roof Tile Ranges** 10 Year Warranty*
- +
-  **Fronius Inverter** 10 Year Warranty*
- +
-  **Standard Monitoring**
- =
- JUST \$####**

3^{kWh}

STANDARD PLUS *Solar Tile System*

For a little extra solar power generation to ensure those energy bills come right down. Our 'Standard Plus' package offers a 3kW integrated solar roof tile system with a Fronius inverter and standard monitoring.

What's included?

-  **3kWh Integrated Roof Tile Ranges** 10 Year Warranty*
- +
-  **Fronius Inverter** 10 Year Warranty*
- +
-  **Standard Monitoring**
- =
- JUST \$####**

WHEN YOU INVEST IN A BRISTILE STANDARD SOLAR TILE PACKAGE YOU RECEIVE A FREE UPGRADE TO STANDARD PLUS

3^{kWh}

PERFORMANCE

Solar Tile And Battery System

Create your power and store it with our 'Performance' package. Our 'Performance' package includes; a 3kW integrated solar roof tile system with a 4kWh integrated inverter and battery system and our advanced monitoring package.

What's included?

-  **3kWh Integrated Roof Tile Ranges** 10 Year Warranty*
- +
-  **sonnen Integrated Inverter** 10 Year Warranty*
- +
-  **4kWh sonnen Storage System** 10,000 Cycle Life Warranty*
- Upgrade to 6kWh[^]
- +
-  **Advanced Monitoring**

= **JUST \$####**

BRISTILE TRADITIONAL SOLAR PANEL PACKAGES

2^{kWh}

STANDARD *Solar Panel System*

If a basic solar system to cut your power bills and produce your own energy is the goal then the 'Standard' package is the answer. Our 'Standard' package offers a 2kW traditional solar panel system with a Fronius inverter and standard monitoring.

What's included?

-  **2kWh Traditional Solar Panel** 10 Year Warranty*
- +
-  **Fronius Inverter** 10 Year Warranty*
- +
-  **Standard Monitoring**
- =
- JUST \$####**

3^{kWh}

STANDARD PLUS *Solar Panel System*

Get a boost in solar power generation to ensure those energy bills come right down. Our 'Standard Plus' package offers a 3kW traditional solar panel system with a Fronius inverter and standard monitoring.

What's included?

-  **2kWh Traditional Solar Panel** 10 Year Warranty*
- +
-  **Fronius Inverter** 10 Year Warranty*
- +
-  **Standard Monitoring**
- =
- JUST \$####**

3^{kWh}

PERFORMANCE
Solar Panel And Battery System

Harness solar power and store it with our 'Performance' package. Our 'Performance' package includes; a 3kW traditional solar panel system with a 4kWh integrated inverter and battery system and our advanced monitoring package.

What's included?

-  **2kWh Traditional Solar Panel** 10 Year Warranty*
- +
-  **sonnen Integrated Inverter** 10 Year Warranty*
- +
-  **4kWh sonnen Storage System** 10,000 Cycle Life Warranty*
Upgrade to 6kWh^
- +
-  **Advanced Monitoring**
- =
- JUST \$####**
- ^ Upgrade at extra cost

5^{kWh}

OPTIMUM
Solar Panel And Battery System

If energy independence is your goal then the 'Optimum' package may be the answer. Our 'Optimum' package includes; an impressive 5kW traditional solar panel system with a 6kWh integrated inverter and battery system coupled with our advanced monitoring package.

What's included?

-  **2kWh Traditional Solar Panel** 10 Year Warranty*
