# *Naturally* Dramatic

---

There is no greater inspiration than the textures, colours and patterns of the natural landscape. The refined colours and natural details of each collection enhance both indoor and outdoor spaces with an authentic natural character.

# *Innovative Beauty*

We blend our inspiration from nature with constant research and innovative production techniques. This allows the enhanced natural details of Ceramiche Keope, in combination with their superior technical performance, to create an exquisite range of porcelain stoneware.

PECORSI EXTRA - PIETRA DI BARGE

# *Designed to last*

The ideal characteristics for creating outdoor designs.

High performance, practical, and functional - concentrated in a material that's just 20mm thick.

Keope products are easy to fit and clean and do not change their appearance, whatever the weather.

## STAIN AND CHEMICAL RESISTANT

For a finish that is designed to last there is no equal to the Keope porcelain range. These products feature a unique stain and chemical resistant finish which will keep them looking beautiful for the life of the product.

## EXCELLENT SLIP RESISTANCE

All Keope products feature a minimum P5 slip rating which means they are ideal for wet area applications like pools.

## OUTSTANDING QUALITY

Made to exacting standards, Keope offer products that are finely formed, perfectly crafted and strong enough to withstand breaking loads of over 1000kg.

## MOULD, FROST AND SALT RESISTANT

Despite their finely finished appearance, Keope porcelain can resist degradation from salt, frost and will even resist the growth of mildew and mould.

## LOW MAINTENANCE

The finely crafted texture of Keope requires minimal ongoing maintenance. All products are resistant to chemicals making them easy to clean with a wide range of commonly available products.

## SUPERIOR STRENGTH

Keope products can be used for outdoor applications including driveways thanks to superior strength and durability. Each unit can withstand breaking loads of over 1000kg per unit.
