# *The Natural luxury of UrbanStone*

At UrbanStone we believe that excellence shows.  
From the finest quality, authentic natural stone,  
to skilled craftsmen and precision engineering techniques,  
we create beautiful, tactile, durable and  
luxurious products. After all, why compromise when  
the best is there to be enjoyed?

# *Transform your home with the Limestone Collection*

Add the natural beauty of limestone to your home with the UrbanStone collection. A superb finish, soft colour, and distinctive texture provide a unique style.

PRODUCT: NATURAL LIMESTONE - MOORE RIVER QUARRY CUT

---

# *Authentic Australian* characteristics

Created by nature and perfected by UrbanStone, the limestone collection is sourced from locations in Western Australia and refined into a range sizes, shapes, and finishes.

*Quarry Cut*

*Diamond Cut*

## NATURAL LIMESTONE

Sourced from rich deposits in Western Australia, Natural Limestone has a natural beauty and flexibility, enabling it to be crafted into a myriad of shapes and forms. Look closely and you'll discover warm and earthy tones with the surface projecting distinctive textures, full of character. Rich, earthy qualities that can create a magnificent presence. Whether it's a sculptured entrance, stylish interior or a traditional garden landscape, Natural Limestone is the natural choice.

## ENGINEERED LIMESTONE

Using crushed natural limestone from selected quarries in Western Australia, Engineered Limestone is then combined with cement to provide stonework of immense strength and durability. The final outcome is stonework that can be used in a highly effective fashion outdoors, and in particular as a feature wall statement.

*A range of*  
pure craftsmanship

PRODUCT: NATURAL LIMESTONE - CARABOODA DIAMOND CUT

# *Carabooda* Natural Limestone

## CLASSIC APPEARANCE

With millions of years in the making, this classic stone simply can't be duplicated. Warm and inviting in its colouring, each block face contains minor, subtle variations that have a wondrous aesthetic appeal. This is an incredibly versatile and durable stone that feels very much at home in any design.

## STRENGTH AND DURABILITY

Adaptability is a major quality that engineered limestone brings to the landscaping arena. It's designed to suit any number of applications from garden edging to terracing, piers, load bearing walls to retaining walls, even planter boxes. All are available in a natural sandy colour, with the option of a plain or bevelled finish.

# BEAUTIFUL PRODUCTS *that last forever*

Our genuine building products create the most beautiful and sustainable environments and places in Australia.

Brickworks Building Products is one of Australia's largest and most diverse building material producers and providers. With our heritage as one of Australia's founding brick businesses many generations ago, we hold the values of family, community, sustainability, innovation and quality at our core. We know our quality products last forever, which is why some of our products come with a 100 year guarantee.

Under the Brickworks Building Products umbrella are some of Australia's best known building materials brands. Our products include bricks, pavers, masonry blocks, retaining wall systems, precast concrete panels, solar, concrete and terracotta roof tiles, timber products, terracotta façades and specialised building systems.

With a broad product portfolio of leading products from Australia and around the world – available right across the country – Brickworks Building Products pride ourselves on our commitment to product, service excellence and our leadership position.
